I was born in 2002 in Istanbul. My education life was similarly spent in Istanbul. Currently, I am a Computer Engineering student at Beykent University and at the same time I work as an "IT Assistant" in the IT department of a international company.

When I first chose Computer Engineering, my area of interest was Cyber Security now I focus more on topics such as Machine Learning, Deep Learning and Artificial Intelligence. In the future, I want to work as a Data Scientist.
